

Founder and business executive with 20+ years leading companies through building, buying, and selling: **\$15B+ in executed M&A**, officer roles at public and private companies, and current ventures spanning clean-energy infrastructure and AI-native consumer software. Currently Co-Founder & Chief Business Officer of HydroFleet, Inc. and Founder & CEO of Tilpop, Inc.

EXPERIENCE

HYDROFLEET, INC.

2022 – PRESENT

Co-Founder & Chief Business Officer

- Co-founded hydrogen production and fueling company; own commercial strategy, partnerships, and corporate development, including a strategic asset acquisition now underway.
- Led development of the first high-volume Class-8 hydrogen production and refueling station in the U.S. (Savannah, GA), anchored by a collaboration with Hyundai's HTWO Logistics to fuel the zero-emission truck fleet serving Hyundai Metaplant America; partners include Axpo and Capital Development Partners, with Lazard advising.
- Additional sites under development in Chattanooga and Newark, with further markets in the pipeline; developing power generation projects for data centers using hydrogen blending.
- Built **HydroFleet Power**, an iOS platform that turns a photo or plain-language description of a clean-energy project into an institutional-grade financial model (IRR, NPV, DSCR, tax credits) in minutes, on a multi-vertical engine, with real estate and infrastructure to follow.

TILPOP, INC.

2026 – PRESENT

Founder & Chief Executive Officer

- Founded Tilpop, a Delaware C-corporation building AI-native iOS applications for consumer and prosumer markets: **Outset**, a multi-tenant SaaS work hub, and **Circa**, the private, host-curated home for destination gatherings (weddings, milestones, reunions, memorials).
- Lead product, strategy, and operations across a bootstrapped three-person founding team; shipped Circa v1.0 to the App Store, now live with its first ~100 users.

LEAM NELSON LLC

2018 – PRESENT

Founder

- Outside general counsel to operating companies, including Averro, LLC and CHF Industries, Inc., serving as General Counsel & Chief Administrative Officer.

ONEH2, INC.

2018 – 2026

Senior Vice President, General Counsel & Corporate Secretary

- Officer of a hydrogen fuel production and distribution company; led commercial transactions, equity fundraising, governance, and compliance through rapid growth.

LAGUARDIA GATEWAY PARTNERS, LLC

2016 – 2018

General Counsel & Corporate Secretary

- Executive officer of the consortium delivering the LaGuardia Terminal B redevelopment, the largest public-private partnership in U.S. aviation history; ran legal, governance, and compliance across construction, real estate, regulatory, IP, and employment.

HESS CORPORATION

2011 – 2015

Assistant General Counsel

- Led legal execution of Hess's \$5B+ downstream divestiture program (retail to Marathon Petroleum, energy marketing to Direct Energy, terminals and trading, and Nuvera Fuel Cells, a hydrogen business); legal head of worldwide marketing and trading.

EARLIER CAREER

Town Sports International (NASDAQ: CLUB), New York. SVP, General Counsel & Corporate Secretary (2015–2016): executive officer of a publicly traded fitness operator; securities compliance, board matters, and strategic equity investments.

Cravath, Swaine & Moore LLP, New York. Corporate associate (2007–2010): \$4.1B ConvaTec sale, the largest private equity deal of 2008; Mead Johnson \$720M IPO; board-level counsel to Fannie Mae through conservatorship.

King & Wood Mallesons (2006–2007) and **HWL Ebsworth** (2004–2006), Melbourne: M&A and antitrust. **Australian Competition & Consumer Commission**, federal clerkship (2003–2004).

EDUCATION & ADMISSIONS

University of Melbourne: Juris Doctor (Law Review); Bachelor of Commerce (Economics & Marketing). Admitted in New York and Australia.
